The Hon. Sri. K.Madhava Menon, M.L.A.
Minister for Education and Law,
Fort St. George, Madras.

Sub: Basic Education Training School-Proposal of the above Society accepted by you - further steps prayed.

Sir,

On the 13th last while you were at Ujre you pomised to send the expert to give us an idea of the requirements of the poposed basic Training school. Our difficulty alsc is with regard to the building needed immediately. We hav no idea as to the building requirements. There are three suitable sites for agricultural operations one of them may be selected by the Expert. There are two Elementary s schools in the locality for experimental classes. One or both of them may be selected. Two teachers quarters are available both of them could be made available. Any furth accomodation has to be newly put up. The site and the dimensions have to be settled. Therefore I request you to be kind enough to depute the Expert for the purpose.

Thanking you,
Yours faithfully,
K. B. Jinaraja Hegde
Correspondent.

D/20th May 195

Dear Mr. Reddy.

I had been to South Kanara recently. Mr. Manjayya Hegde, M.L.C. and Mr. Jinaraja Hegde suggested to me t opening of a Basic Training School at Ujre. They said they will be prepared to give lands free as also put u buildings free and they want to start the School this year. Will you please ask the Provl Basic Training Officer, Sri Rudrappaswami to proceed to South Kanara immediately and with the District Educational Officer, go to Ujre and meet Mr. Manjayya Hegde and Jinaraja Hegde, see that place and try whether a new basic training school can be opened there. We may even try to have a private training school started there for which these people will help Let him go there and see what can be done.

Let him also either on his way to Mangalore or

back from Mangalore go to Anakara and decide something about the basic school at Anakara. That has been hanging fire for such a long time. He may meet Mr.A.V.Kuttikrishna Menon who will give him all necessary help. It will be better if he sticks to the original-site-there.

Yours sincerely,

Sd. K. Madhava Menon

194

To

The Hon. Sri K. Madhava Menon, M.L.A.,
Minister for Education and Law,
Government of Madras.

Memorandum presented by:

Sri Karnatak Gurukul Education Society,
Ujre, South Kanara District.

Dated: 13-5-1950.

Sir,

The members of the Karnataka Gurukul Education Society, Ujre, welcome you and thank you most heartily for consenting to visit this area and study our Educational needs at first hand.

2. Ujre is in the heart of Malnad. The stream of pilgrims to Dharmastala, the awakening that followed in the establishment of Sri Siddavana Gurukul in this area about 8 years ago by our esteemed and generous President Sri Dharmastala Manjayya Heggade in this locality devoted for Sanskrit and modern Education and the keen interest evinced by the neighbouring wargadars and ryots and the pressing necessity of the people for an institution for higher studies in this long neglected Malnad area caused the birth of our Society and establishment of Karnataka Vidyalaya in the year 1947. It will open the sixth form in the coming academic year.

3. The enthusiasm is being kept up in us by the occasional kind visits of the Hon. Ministers, by the gifts of waste lands by Government to the Society for

educational purposes and the advance grant of ₨12,000 by the Government for the construction of the new school building which is coming up. So far more than Rupees one lakh have been invested on this area by the neighbouring wargadars and ryots. This valuable site and the building and the site and the building of Sri Siddavana Gurukul are free gifts of Sri Dharmasthala Manjayya Hegde who has also gifted valuable properties fetching an annual income of nearly ₨4,000 for the support of Sanskrit Education in the Siddavana Gurukul. Sri Krishna Padevetnaya and Sri Nada Chandaya Ajri have contributed ₨10,000 each. The list will be long if we are to mention the various generous donors. Suffice it to say that we hope and we assure you that we will try our utmost to make this institution a success. We are conscious that the result of our experiment is not swift and spectacular but we believe that we have laid a big foundation and lit up the ray of hope in the hearts of the people of Malnad and with sympathy and aid from the Government, which we have no doubt would be forthcoming, we hope to see the rising of an Educational Centre in this long neglected Malnad area.

4. We are thankful to the Government for the inauguration and implementation of the policy of village development. The spraying of D.D.T. started by the Government of India and continued by the Government of Madras has practically wiped out the malaria which sapped all vitality of the people.

The recent appointment of the "Forest Grievances Enquiry Committee, South Kanara" was the result of the numerous representations made in the past for the last

ಶ್ರೀ ಕರ್ನಾಟಕ ಗುರುಕುಲ ವಿದ್ಯಾವರ್ಧಕ ಸಂಘ, ಉಜ್ರೆ, (ರಿಜಿಸ್ಟರ್ಡ್).

P. O. UJRE.

S. KANARA.

.....194

twenty years and the efforts of Mr. K. R. Karant, M.L.A., and the gracious visits of the Hon. Chief Minister and the Hon. Minister for Agriculture. The one stumbling block against our progress is the studied obstruction and unsympathetic attitude of the Forest Department whose vision is circumscribed by the development of the forest at all costs. We are not against the conservation of forest wealth but we do demand reasonable facilities and amenities of life. Being conscious of this reasonable demand the Government was pleased to refer to this Committee the examination of the question of "the improvement of the material conditions of the Malnad people" and provision for more educational facilities." The District Educational Officer is one of the five official members of this Committee. Sri Molahalli Siva Rao, the son of the Malnad soil, who has sacrificed his all in the services of the needy, is one of the three esteemed non-official members of this Committee.

We hope that the Committee, which has already entered upon its duties, will fully study the needs of the Malnad people and acquaint the Government the dire necessity of making the life of the people of Malnad worth living. Our grievances mostly emanates from the faulty Reserve Forest policy pursued in the past which resulted in the development of 'kadu' (Forest) at the cost of 'Nadu' (country). The establishment of the peoples' State, of which you are an esteemed and sympathetic member, fully alive to the needs of the much neglected people, we believe, will not fail to do justice to the living humanity in this area and supply our wants and afford the Malnad people equal facilities for all round development.

5. We are running a boarding house in a thatched hut;

ಶ್ರೀ ಕರ್ನಾಟಕ ಗುರುಕುಲ ವಿದ್ಯಾವರ್ಧಕ ಸಂಘ, ಉಜ್ರೆ, (ರಿಜಿಸ್ಟರ್ಡ್).

.....194

fresh fruits and vegetables and free air and sunny hill sides and simple habits without distraction are making the living cheap, clean and healthy. The average cost per head in the Boarding House does not rise above Rs15/- per month which in towns it is in the neighbourhood of Rs35. These advantages which we have experienced in practice are offering a cheap solution to the great problem of eradicating illiteracy in this vast country.

6. Any desired material advancement in this area must necessarily depend upon the educational facilities afforded. Majority of the school-less villages which are more than 150 in this district are in this area. The Ryots of Malnad are too poor to afford to send their children to urban areas and bear the high cost of boarding charges. Communications, medical facilities, rest houses, accommodation and various amenities of town life are lacking in this area to attract the town educated to succour their brothren in Malnad. It is considered a punishment for an officer to be transferred here. Everyone who comes to this unfortunate sub-ghat country seeks earliest opportunity to run away from here for easier and pleasanter life nearer the Coast. Any one who is obliged to visit the Malnad is too anxious to run away before the sun sets. To-day not even labourers and tenants are prepared to settle down in Malnad and local artisans and skilled labour are not available.

7. More schools under the plan of atleast one school per village - requires more trained teachers for the Malnad. On 23-3-1948 we addressed the District Educational Officer to examine the necessity

ಶ್ರೀ ಕರ್ನಾಟಕ ಗುರುಕುಲ ವಿದ್ಯಾವರ್ಧಕ ಸಂಘ, ಉಜ್ರೆ, (ರಿಜಿಸ್ಟರ್ಡ್).

Karnataka Gurukula Education Society, (Regd.),

P. O. UJRE.

S. KANARA.

..... 194

of opening of the first Basic Training School in Ujre. Considerations for Firka Development denied us the benefit. It is very hard, if not impossible, to get teachers to serve and settle down in Malnad area. In order to serve this greatest need for large number of trained teachers it is absolutely necessary to open the next basic training school inUjre. Such an institution will afford facilities for youths of Malnad to train themselves and settle down in Malnad itself to serve the educational needs of the area. Such of those youths who may be drawn from coastal villages will be acclamatised to Malnad and their services also will be available to Malnad.

8. Around the site of Karnataka Vidyalaya here, we have extensive Government waste lands, adjoining these lands our Society will be able to procure from its members I and II class wet lands on permanent lease on the existing rental basis for the purposes of basic training school. Thus capital investment would be reduced to the minimum. If required our Society would be willing to set apart or alienate any piece of land owned by them free of all costs. Two tanks in the neighbourhood are affording facilities for irrigation.

The Karnataka Vidyalaya, Sri Siddavana Gurukul Sanskrit School, Ujre Elementary School, Ujre Labour School, will cluster round the proposed basic training school presenting all facilities to the basic training school and the training school will open a vast scope for training of those youths who come out of these institutions as well as from the Board Higher Elementary School, Belthangady for the service of the Malnad.

ಶ್ರೀ ಕರ್ನಾಟಕ ಗುರುಕುಲ ವಿದ್ಯಾವರ್ಧಕ ಸಂಘ, ಉಜ್ರೆ, (ರಿಜಿಸ್ಟರ್ಡ್).

Karnataka Gurukula Education Society, (Regd.),

P. O. UJRE,

S. KANARA.

Therefore we pray that the Government may be pleased to consider our superior claim for the opening of the next basic training school in this district.

9. Malnad is thinly populated and it is intersected by unfordable rivers and rivulets that cut off through communications in greater part of the year. The income of the High School from school fees is too low to cover any appreciable portion of our expenditure. The demand from teachers for higher pay owing to more difficult conditions of life in Malnad is ever increasing. The average age of the pupils in this area is higher than in urban areas owing to absence of schools nearer at home and paucity of through communications. Karnataka Vidyalaya cannot be compared with other sister institutions situated in more favourable centres in this district owing to the aforesaid intrinsic difficulties. Therefore we humbly pray for relaxation in strict enforcement of educational rules governing the administration of schools in the matter of minimum age for admission, and further pray that the Government may be pleased to grant us full teaching grant less tuition fees received by us. and malnad allowance at least for some years to teachers.

10. To make this district self-sufficient in food requirements, which is to-day deficit by about 40,000 tons, Malnad offers the best and extensive lands to grow more food. But it must be made worthy for colonisation in order to attract, the surplus population from the adjoining areas. If this change in the outlook of the people is achieved by creating

ಶ್ರೀ ಕರ್ನಾಟಕ ಗುರುಕುಲ ವಿದ್ಯಾವರ್ಧಕ ಸಂಘ, ಉಜ್ರೆ, (ರಿಜಿಸ್ಟರ್ಡ್).

Moodbidri.S.K.
Date: 13-5-50.

To
Hon'ble Sri. Madhav Menon,
Minister for Education & L
Government of Madras- Camp:

Respected Sir,

Sub:- Basic Training School-as per Proceedings of the Director of Public Instruction Madras C.No.1915- M 149 dated 2nd Oct, 1949- Request to house the said school in the buildings in which the Basic Training School was being run till 1949-Proposal for 1950-51.

It is gratifying to note that the Government is contemplating starting a Basic Training School in this District and for which proposals are beingcalled for the construction of buildings for the said training school as per the proceedings of the Director of Public Instruction, Madras, C.No.1915 M-149 dated 2nd Oct,1949.

In this connection, I beg to submit a few facts for your favourable consideration and favourable orders.

The petitioner is the owner of the plot and 3 buildings in which the Government was running the Basic Training School for teachers in Moodbidri, South Kanara District till 31st May, 1949.

The Basic Training School for teachers was started in 1947 in my plot as per order C.F.32(a) Educational Department dated 18th July 1947 which reads as follows:-

> "As the Director of Public Instruction has approved the location of the Basic Training School at Moodbidri in your building, I request you to be so good as to start the work of construction of additional buildings required forthe school and the hostel".

As directed by that order I constructed two additional halls at a cost of about Rs.15,000/- (Rupees fifteen thousand only) to suit the special requirements of the school as instructed by the District Educational Authorities. These two additional constructions were intended for the purposes of Boarding and lodging. The rent of Rs.120/- per month was fixed by the Executive Engineer, Public Works Department, South Kanara Division. The said buildings were duly occupied for the purposes of School, Boarding and hostel and continued to be in the possession of the Educational Department till 31st of May 1949.

In August 1948 to my surprise a communication R.C.2293-A-48 dated 14th of August 1948 of the then District Educational Officer, South Kanara, Mangalore was suddenly received by me stating that the Government had ordered shifting of the said school from Moodbidri to Mudpady, Kumbla Firka.

When the Ex-minister for Education,

Mr.Avanashalingum Chettiar, visited in January 1949, the Basic Training School in Moodbidri along with the Divisional Inspector of Schools, Coimbatore and the local M.L.A., I represented to him in person that the Basic Training School should not be shifted to Maipady but continue in Moodbidri itself. In reply the Ex-minister for Education in the presence of all those who were with him on the occasion of the visit assured me by declaring openly that the Basic Training School to be opened in Maipady would be quite independent of the Basic Training School in Moodbidri and therefore this school at Moodbidri would be continued as a seperate Basic Training School itself and further that orders to that effect would be issued by the Government soon.

As no steps were taken in pursuance of the declaration made by Sri.Avanashalingum Chettiar, Sri.K.Ishwara M.L.A. put a series of questions with regard to this matter in April last year in the Legislative Assembly (question 1062 Q-Housing of the Basic Training School in South Kanara). The following are the questions:-

"1062Q-b:- Whether it is a fact that it has been decided to shift the Government Basic Training School, South Kanara now at Moodbidri to Maipady within a year of the construction of those buildings?"

In reply the then Education Minister the Hon'ble Sri. A.P.Shetty, stated that the matter of shifting the Basic Training School from Moodbidri to Maipady does not arise.

In view of the assurance and declaration of the Ex-minister of Education Sri. Avanashilingum Chettiar and the reply ofhis successor to the question put by Sri. K.Ishwara K.L.A., it was only natural to infer that the then existing Basic Training School at Moodbidri would be continued there itself and another independent basic training School would be opened in Maipady in Kumbla Firka area.

But contrary to all these assurances given by responsible members of the Government and to the expectations raised by replies to questions in the Legislative Assembly an order for transfer of the said school from Moodbidri to Maipady was passed and a copy of thesame was communicated to me by the District Educational Officer, South Kanara, Mangalore, stating that the Basic Training school was being shifted to Maipady from Moodbidri under directions of the Government and my buildings constructed for their purpose would be vacated by 31st May, 1949 and the order was received by me on the 17th of May 1949.

Ever since then all the 3 buildings are vacant.

Apart from the fact that a sum of Rs.15,000/- (Rupees fifteen thousand only) had to be incurred by me for the construction ofthese special buildings at the request ofthe authorities concerned (Order C.F.39(.)Educational Department dated 18th July 1947) and that by the sudden transfer of the said school subsequently within 2½ months of the occupation without assigning any reasons there for causing unnecessary loss to me theentire northern half of the District of South Kanara consisting of 3 talukas of Coondapoor Division has been deprived of the benefits of the Basic Training School.'

All the 3 buildings are built of laterite stone and tiled roofing and in my farm in Prabhathya Village on S.No.63-1-12 and 108-3, surrounded by vast extensive

cultivable land measuring 25 acres. [illegible] the buildings are as follows:-

1. Main Block for classes: 80' x 20' x 12' ---
2. Boarding rooms- 3, measuring 110' x 15' x 12'-
3. A block inclusive of dining room kitchen and s room measuring 75' x 15' x 12' - 1.

So, your honour will please note that injustice has been done to me. I never requested t Government to start the Basic Training School in my and that I would construct in that rural area such b buildings, only for the department to leave it vithin months of its occupation, that too without assigning reason whatsoever. Even now it is not too late for Government to set right matter. The Director of E Instruction has been good enough to call for proposa construction of buildings for new Basic Training Sc during 1950-51 as per his proceedings C.No.1215-M-14 The District Educational Officer is requested to sel suitable sites in Talukas where there are no training either of the Basic or normal type. My plot and t buildings are situate in Karkal Taluk, a taluk there are no training schools Basic or normal.

I am prepared to rent these three bui and any acreage for cultivation or if Government sho propose to purchase the same I am prepared to lea the Government for sale till the three buildings and cient acres of land out of the 25 acres adjoining to buildings and owned by me.

I have submitted a petition to the Di of Public Instruction, dated through the District E nal Officer, on 18-4-1950 in this connection.

So I pray that I may be favoured with

Advance Copy

TO

THE HON. SRI K. MADHAVA MENON, M.L.A.,
Minister for Education and Law,
Government of Madras.

Dated: 13-5-1950.

Sir,

The members of the Karnataka Gurukul Education Society, Ujre, welcome you and thank you most heartily for consenting to visit this area and study our Educational needs at first hand.

2. Ujre is in the heart of Malnad. The stream of pilgrims to Dharmastala, the awakening that followed in the establishment of Sri Siddavana Gurukul in this area about 8 years ago by our esteemed and generous President, Sri Dharmastala Manjayya Heggade in this locality devoted for Sanskrit and modern Education and the keen interest evinced by the neighbouring wargadars and ryots and the pressing necessity of the people for an institution for higher studies in this long neglected Malnad area caused the birth of our Society and establishment of Karnataka Vidyalaya in the year 1947. It will open the sixth form in the coming academic year.

3. The enthusiasm is being kept up in us by the occasional ~~kind~~ visits of the Hon. Ministers, by the gifts of waste lands by Government to the Society for educational purposes and the advance grant of Rs12,000

by the Government for the construction of the new school building which is coming up. So far more than Rupees one lakh have been invested on this area by the neighbouring wargadars and ryots. This valuable site and the building and the site and the building of Sri Siddavana Gurukul are free gifts of Sri Dharmastala Manjayya Heggade who has also gifted valuable properties fetching an annual income of nearly ₨4,000 for the support of Sanskrit Education in the Siddavana Gurukul. Sri Krishna Padevetnaya and Sri Nada Chandayya Ajri have contributed ₨10,000 each. The list will be long if we are to mention the various generous donors. Suffice it to say that we hope and we assure you that we will try our utmost to make this institution a success. We are conscious that the result of our experiment is not swift and spectacular but we believe that we have laid a big foundation and lit up the ray of hope in the hearts of the people of Malnad and with sympathy and aid from the Government, which we have no doubt would be forthcoming, we hope to see the rising of an Educational Centre in this long neglected Malnad area.

We are thankful to the Government for the inauguration and implementation of the policy of village development. The spraying of D.D.T. started by the Government of India and continued by the Government of Madras has practically wiped out the malaria which sapped all vitality of the people.

The recent appointment of the "Forest Grievances Enquiry Committee, South Kanara" was the

result of the numerous representations made in the past for the last twenty years and the efforts of Mr. K. R. Karant, M.L.A., and the gracious visits of the Hon. Chief Minister and the Hon. Minister for Agriculture. The one stumbling block against our progress is the studied obstruction and unsympathetic attitude of the Forest Department whose vision is circumscribed by the development of the forest at all costs. We are not against the conservation of forest wealth but we do demand reasonable facilities and amenities of life. Being conscious of this reasonable demand the Government was pleased to refer to this Committee, the examination of the question of "the improvement of the material conditions of the Malnad people" and provision for more educational facilities." The District Educational Officer is one of the five official members of this Committee. Sri Molahalli Siva Rao, the son of the Malnad soil, who has sacrificed his all in the services of the needy, is one of the three esteemed non-official members of this Committee.

We hope that the Committee, which has already entered upon its duties, will fully study the needs of the Malnad people and acquaint the Government the dire necessity of making the life of the people of Malnad worth living. Our grievances mostly emanates from the faulty Reserve Forest policy pursued in the past which resulted in the development of 'kadu' (Forest) at the cost of 'Nadu' (country). The establishment of the peoples' State, of which you are an esteemed and sympathetic member, fully alive to

the needs of the much neglected people, we believe, will not fail to do justice to the living humanity in this area and supply our wants and afford the Malnad people equal facilities for all round development.

5. We are running a boarding house in a thatched hut; fresh fruits and vegetables and free air and sunny hill sides and simple habits without distraction are making the living cheap, clean and healthy. The average cost per head in the Boarding House does not rise above Rs15/- per month which in towns it is in the neighbourhood of Rs35. These advantages which we have experienced in practice are offering a cheap solution to the great problem of eradicating illiteracy in this vast Country.

6. Any desired material advancement in this area must necessarily depend upon the educational facilities afforded. Majority of the school-less villages which are more than 150 in this district are in this area. The Ryots of Malnad are too poor to afford to send their children to urban areas and bear the high cost of boarding charges. Communications, medical facilities, rest houses, accommodation and various amenities of town life are lacking in this area to attract the town educated to succour their brotheren in Malnad. It is considered a punishment for an officer to be transferred here. Every one who comes to this unfortunate sub-ghat country seeks earliest opportunity to run away from here for easier and pleasanter life nearer the Coast. Any one who is obliged to visit the Malnad is too anxious to run away before the sun sets. To-day not even labourers and

tenants are prepared to settle down in Malnad and local artisans and skilled labour are not available.

7. More schools under the plan of atleast one school per village requires more trained teachers for the Malnad. On 23-3-1948 we addressed the District Educational Officer to examine the necessity of opening of the first Basic Training School in Ujre. Considerations for Firka Development denied us the benefit. It is very hard, if not impossible, to get teachers to serve and settle down in Malnad area. In order to serve this greatest need for large number of trained teachers it is absolutely necessary to open the next basic training school in Ujre. Such an institution will afford facilities for youths of Malnad to train themselves and settle down in Malnad itself to serve the educational needs of the area. Such of those youths who may be drawn from coastal villages will be acclamatised to Malnad and their services also will be available to Malnad.

8. Around the site of Karnataka Vidyalaya here, we have extensive Government waste lands, adjoining these lands our Society will be able to procure from its members I and II class wet lands on permanent lease on the existing rental basis for the purposes of basic training school. Thus capital investment would be reduced to the minimum. If required our Society would be willing to set apart or alienate any piece of land owned by them free of all costs. Two tanks in the neighbourhood are affording facilities for irrigation.

The Karnataka Vidyalaya, Sri Siddavana Gurukul Sanskrit School, Ujre Elementary School, Ujre Labour School, will cluster round the proposed basic training school presenting all facilities to the basic training school and the training school will open a vast scope for training of those youths who come out of these institutions as well as from the Board Higher Elementary School, Belthangady, for the service of the Malnad.

Therefore we pray that the Government may be pleased to consider our superior claim for the opening of the next basic training school in this District.

9. Malnad is thinly populated and it is intersected by unfordable rivers and rivulets that cut off through communications in greater part of the year. OFFICE OF THE DIRECTOR OF
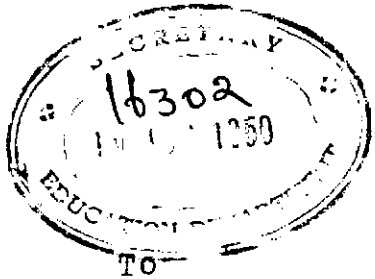
PUBLIC INSTRUCTION,
Madras-6, Dated 14th June '50.

Dear Sir,

REF: Your D.O. dated 20--5--1950 regarding opening of a Basic Training School at Ujre(South Kanara District) and Anakkara. (South Kanara)

I enclose a report from Sri R.V.Rudrappasami Basic Education Officer who visited Ujre on 2-6-1950 an Anakkara on 31--5--1950 as per your instructions.

Yours sincerely,



To

Hon'ble Sri K. Madhava Menon,
Minister for Education,
Fort St.George, Madras.

Immediate

Also addressed copy to W.P.9 and advised him to tell Narayana that we may levy cesses for the Basic teachers' fund if he will not start.

Under. Inform Sri Narayana Hegde o/x below and tell him that if he starts a private Basic training School there this year immediately apart from the question of giving all grants etc, the Govt will consider the question of taking over the School next year.

REPORT OF SRI R.V.RUDRAPPASWAMI, BASIC EDUCATION OFFICER, MADRAS ABOUT THE OPENING OF BASIC TRAINING SCHOOLS AT UJRE AND ANAKKARA DURING 1950-51.

UJRE:

I visited the centre on 2-6-1950 and examined the conveniences available for starting a Basic Training School.

Ujre is at the 40th mile from Mangalore on the road to Charmandi in the eastern border. As in the rest of the District, the population of the village (2500) is spread out in the fields within a radius of two miles of the High School. Ujre proper consists of the High School, the Elementary School, the Sanskrit - School, a few shops and a few houses only. ~~According to the plan~~ (enclosed) ~~placed below~~ the distance between the Elementary School and the Sanskrit School is about 10 furlongs. Fresh water and fertile land are available at a number of spots in this School area. The Elementary school has 7 teachers and 200 children in the 5 classes.

Sri Manjayya Hegde M.L.C. offers temporary accommodation for housing a Basic Training School at his Sanskrit School. The following buildings are readily available (1) a kitchen, dining hall and store-room sufficient for 50 trainees, (2) a hall 60' x 15' with a varandah of 6' which can be used as residence for the - trainees (3) a thatched shed which Sri Hegde promises to repair and make available for class room use and (4) two well-built quarters for teachers. The locality is attractive and the people are anxious to have a Basic Training School.

But the area is reported to be malarial. Ujre is said to be comparatively better after the spraying of D.D.T., but Dharmastal at a distance of 5 miles is said to be the worst infected in the whole of the Malnad area. As pointed out by the ~~Correspondent~~, Sri Karnataka Gurukula Education Society, Ujre, South Kanara in its memoranda dated 13-5-1950, officials do not prefer service in this area. When it is difficult to secure even one Deputy Inspector for the Puttur taluk who will serve willingly, it is not desirable to start a Government Basic Training School in this area and force a number of our officers to go to Ujre and live there.

Therefore it is suggested that Sri Manjayya Hegde may be requested to start an aided Basic Training School himself, promsing all the aid that is usually given to such institutions.

ANAKkara:

I visited Anakkara in South Malabar on 31--5--1950.

Sri Kuttikrishna Menon is not in a position to put up any temporary sheds for starting a Basic Training School this year itself. In the absence of even temporary accommodation being provided, it is not possible to open a Basic Training School there during 1950-51.

Sri Balakrishna Menon (a retired Sub-judge) Sri K.Narayana Nair and Sri P.Govindan Nambudri are opposing the acquisition of their lands and hence there is some delay in the Revenue officers placing the lands at our disposal. It may be expected that the Revenue authorities will get through the acquisition proceedings early and the buildings may be ready by July 1951.

Hence a new Government Basic Training School can be started at Anakkara only in 1951-52.

Draft I

EDN. DEPT.(CS).

Letter/Ref.No. 12649-C/50-~~3~~, Edn., dated 26.6.50

To

Sir,

Sub: BASIC EDUCATION - Opening of a Basic Trg. School at Ujre, South Kanara Dt.

With reference to your representation to H.M. (Edn) on the subject of opening a Basic Training School at Ujre, I am directed to say that H.M. considers that you may yourself arrange to start a Basic Trainin School in that locality. The Dept. will afford all facilities to you for starting such a school. You may report ~~through~~ to the D.P.I. the personnel of the staff that may be required for conducting the school Arrangements will be made for ~~lending~~ the loan of services of the individuals required. The Govt. will consider the question of taking over the institution that may be opened by you at Ujre, under their management in due course.

Y.F.

DRAFT II.

D.O. No. 12649-C/50-~~4~~, Edn., dated 26.6.50

My dear Reddi,

Sub: BASIC EDUCATION - Opening of Basic Trg. School at Ujre, South Kanara Dt.

Ref: Your D.O. No. 368 M/50 dated 14-6-50.

I am to forward a copy of a letter addressed to Sri Manj Hegde, M.L.C., on the question of opening a Basic Training School a Ujre and to ask you to report what grant will become payable in 195 52 if the school is opened in the current year. You may arrange fo the loan of services of the Govt. officers ~~xxxx~~ if the management desires to have them on the staff of the school.

Dear Mr. Menon,

This is to remind you of your promise that you will send me the basic Education Scheme with details of expenditure for one year, in connection with the starting of such a school at Ujre. Please do so as early as possible.

If you intend coming to our district, please remember to intimate me the date of your arrival at least a week in advance.

Thanking you,

Yours sincerely,

Karnataka Gurukula Education Society, (Regd

P. UJRE.
S.KANARA.

ASSISTANT SECRETARY

8th July 1950 194

Sri. D.Manjayya Heggade M.L.C.

My dear Sri. K.Madhava Menon,

I am surprised to recieve this morning a letter No. 12690-C/50-3 Education from the Secretary to Govt. Education Dept. that he has been directed by you to say that you consider that I myself should start a basic training school at Ujre and that the Dept. will afford all facilities to me to start such a school.

After your public promise at Ujre this letter has taken me by complete surprise. I almost believe that you not be a party to even a partial reversal of your promise. You are quite aware at what great sacrifice we have started the High school at Ujre and are striving hard to build it up. We have hardly gone half way through in the shape of provision for building. Besides there are great many other things which call for constant and close attention to the School and its affairs and I must say that it is physically impossible for me to take the burden of starting and conducting another school. In addition to the High School, as

school at Ujre and an Elementary School at Hyrn Dharmastala. In this position it would be impossible f me to venture in to shouldering the responsibility for one more School, which if I do will be the last straw on the camels back. I have already explained my difficulties in my last letter to you dated 19th June

Therefore I most earnestly request you to start the S on behalf of the Government especially because it is a School of new type for which I am not familiar.

Besides I may add that the needs of the Malana are such that it should be given a highest priority for Training School. The South Kanara Forest Grievances enquiry Committee which has toured the Malanad and acquinted itself personally with conditions obtaining there is, I understand, fully convinced of the urgent and peremptory need for a Training School for teachers coming from Malanad to serve in schools of Malnad. For obvious reasons Teachers from coastal belt do not consent to serve the Malanad and even if they are forced to do so I need hardly tell you how useless it is for all practical purposes to take an unwilling horse to drink.

The Said Committee I learn further has met today and strongly supported the starting of the School by

ಶ್ರೀ ಕರ್ನಾಟಕ ಗುರುಕುಲ ವಿದ್ಯಾವರ್ಧಕ ಸಂಘ, ಉಜ್ರೆ, (ರಿಜಿಸ್ಟರ್ಡ್).

Copy of D.O.No.368 M/50 dated 14th June 1950 from the Director of Public Instruction, Madras to the Hon'ble Minister for Education, Fort St.George, Madras.

Ref:Your D.O. dated 20-5-1950 regarding opening of a Basic Training School at Ujre (South Kanara Dt.) and Anakkara (South Malabar).

I enclose a report from Sri R.V.Rudrappasami, Basic Education Officer who visited Ujre on 2-6-1950 ar Anakkara on 31-5-1950 as per your instructions.

Report of Sri R.V.Reddappaswami, Basic Education Officer regarding opening of a Basic Training School at Ujre (South Kanara District)

I visited the centre on 2-6-1950 and examined the conveniences available for starting a Govt. Basic Training School.

Ujre is at the 40th mile from Mangalore on the road to Charmandi in the eastern border. As in the rest of the District, the population of the village (2500) is spread out in the fields within a radius of two miles of the High School. Ujre proper consists of the High School, the Elementary School, the Sanskrit School, a few shops and a few houses only. The distance between the Elementary School and the Sanskrit School is about 10 furlongs. Fresh water and fertile land are available at a number of spots in this school area. The Elementary School has 7 - teachers and 200 children in the 5 classes.

Sri Manjayya Hegde M.L.C. offers temporary accommodation for housing a Basic Training School at his Sanskrit School. The following buildings are readily available (1) a kitchen, dining hall and store-room sufficient for 50 trainees (2) a hall 60' x 15' with a varendah of 6' which can be used as residence for the trainees (3) a thatched shed which Sri Hegde promises to repair and make available for class room use and (4) two well-built quarters for teachers. The locality is attractive and the people are anxious to have a Basic Training School.

But the area is reported to be malarial. Ujre is said to be comparatively better after the spraying of D.D.T., but Dharmastal at a distance of 5 miles is said to be the worst infected in the whole of the Malnad area. As point out in the representation dated 13-5-1950 from Sri Karnatak Gurukul Edn. Socy. Ujre officials do not prefer service in this area. When it is difficult to secure even one Deputy Inspector for the Puttur taluk who will serve willingly, it is not desirable to start a Government Basic Training School in this area and force a number of our officers to go to Ujre and live there.

Therefore it is suggested that Sri Manjayya Hegde may be requested to start an aided Basic Training School, himself

D.O.368-M/50.

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras-6, Dated 13--7--1950.

My Dear Iyengar,

SECRETARIAT
16 JUL 1950
EDUCATION DEPT.

Sub: BASIC EDUCATION - Opening of Basic Training School at Ujre, South Kanara - Grant.

REF: Sri R.D.Paul's D.O.12649-C/50-4 Edn.dated 26-6-50.

* * * * *

The amount of grant payable to the proposed aided Basic Training School at Ujre, in 1951-52 will depend on whether it will have an attached Model Basic School or not. Assuming that it will have a model school, the grants will be approximately as follows:-

(i) Equipment: A sum of Rs.3,000/- will be necessary to equip the school to start with. Government will have to pay a half grant of Rs.1500/- for the purpose, the balance being met by the management.

(ii) Teaching grant: The main items of expenditure will be roughly as follows:-

Staff and servants.	..	..	Rs.6,200
Contingencies:	..	..	1,400
Excursions. ..	500		
Other items ..	900		
			Rs.7,600

The Government grant to the school will be about Rs.5067/- (2/3 of Rs.7600), the balance being met by the management.

The total grant payable to the school in 1951-52 will be Rs.6567 or Rs.6,600/- (1500 plus 5067).

Yours sincerely,

To

S.A. Iyengar Esq., I.C.S.,
Secretary to Government,
Education Department,
MADRAS.

D.O.No.338-M/50.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION,
Madras-6, Dated 12--7--1950.

Dear Sir,

Sub: Basic Education - Opening of a Basic Training School at Ujre.

With reference to your D.O. BAN.22/50 dated 9-7-1950 to the Hon'ble Minister for Education, I am to furnish the following details of expenditure for the first year of the proposed aided Basic Training School, Ujre:-

(1) Teaching staff including Model School.			Rs.6,200/-
(2) Sc Servants.	..	..	
(3) Equipment.	..	..	Rs.3,000/-
(4) Contingencies			
Excursions:	500		
other items	900	..	Rs.1,400/-
Total.	..		Rs.10,600

Teaching Staff: Assuming that the Training School will have a model Basic School attached to it, a staff of six teachers will be necessary - 1 Headmaster, 1 L.T. Assistant, 1 Part-time Music teacher, three secondary grade assistants for the three grades in the practising section.

Servants: The school will require three servants - one clerk, one cook and one Craft Attender.

The expenditure on the two items referred to above, including Dearness Allowance at Government rates, will be roughly - Rs.6,200/- for 1950-51.

Equipment: The items comprised in this head are furniture, books, hostel equipment including kitchen utensils and other - materials x required for gardening and teaching purposes. The approximate expenditure for this purpose will be Rs.3,000/-.

Contingencies:- A sum of Rs.1,400/- may be required under this head - Rs.500/- for excursion tours and Rs.900/- for other purposes, including purchase of cotton.

2. On the expenditure detailed above, the management will get a half grant for the purchase of equipment and two thirds grant

for the other items. Thus the management's share of the cost of running the school in 1950-51 will be about Rs.4000/- as shown below:

(1) Equipment.	1/2 of Rs.3000	1,500	the remaining half being met by Govt.
(2) Other items	1/3 of Rs.7,600	2,533	the remaining two thirds being met by Govt.
	Total	4,033	

Yours sincerely,

R.V. Ramachandran

Mangalore, 8-7-1950.

From

Janab Syed Ahmed B.Sc., (Hons.)
Chairman, Forest Grievances Enquiry Committee,
South Kanara, Mangalore.

To

The Director of Public Instruction,
Madras.

Sir,

LAND DEVELOPMENT - Malnad - South Kanara district - Forest Grievances Enquiry Committee - Opening of a Basic Training School for Higher Elementary Grade teachers at Ujre - Recommended.

Sri K.B. Jina Raja Hegde, Correspondent, Karnataka Gurukula Education Society, Ujre has represented to the Forest Grievances Enquiry Committee, South Kanara that the proposal to open a Basic Training School for Higher Elementary Grade teachers at Ujre of Puttur Taluk is likely to be shelved into the back ground as the Expert who visited the site and the place is not in favour of it. He has therefore requested the Committee to consider this development vis-a-vis the development of malnad areas of this district. Copy of his letter is enclosed.

2. The Forest Grievances Enquiry Committee was constituted by the Government of Madras in G.O. Ms. No.1420 Development Department dated 10-4-1950 to examine many a problem facing malnad of this district.and to submit short term plan for the development of this area. Provision of more educational facilities in the malnad area falls within the terms of reference of this committee. As such the committee considered the above proposal of Sri Hegde in the light of the representations made by the Malnad people at the several centres in malnad areaduring its enquiry-tour. One striking point that could not escape the notice of the committee is the non-existence of schools in many villages in malnad area. Though a host of reasons contribute to this lack of educational facilities, the committee could not ignore one predominant factor viz., the trained teaching personnel in malnad area.

3. The Committee has therefore considered the above proposal in all its aspects and has resolved to move the Government immediately to open the Basic training school at Ujre (which is within the Malnad area of this district) in the current year itself in the interest of the development of malnad area of this district.

4. In the circumstances I request that you may be pleased to reconsider the decision, about the opening of the Basic training school at Ujre, if already arrived at, and to take steps to open the training school at Ujre this year itself. As desired by the Committee, I shall be sending a copy of this letter to the Hon'ble Minister for Education, Government of Madras & direct.

Yours faithfully,

Sd/ Syed Ahmed

Chairman, Forest Grievances
Enquiry Committee, S.Kanara.

Copy of letter dated 26th June 1950 from the Karnataka Gurukula Education Society, (Regd.) Ujre, S.Kanara - to the the Chairman F.G.E.Committee.

Ref:- Basic Training School for E.E. grade teachers at Ujre --- Your interim recommendation - requested.

--

When the Hon. Sri Madhava Menon, visited Ujre, on 13-5-1950 the Karnatak Gurukul Education Society presented a Memorandum in which they prayed for opening of a Government Basic Training School in Ujre among other things. The Hon. Minister was pleased to promise to open one in the current year itself as there were funds available for the purpose. In furtherance of this promise he deputed the Expert to Ujre to submit a report. The Expert visited Ujre on 2-6-1950 and interviewed Mr. Dharmastal Manjayya Hegde who had promised temporary buildings for the school. He was satisfied with the accommodation and the land offered and prospects of the proposed school. But he seems to have been told by some people that Ujre being near Dharmastala was highly malarial and that teachers might not be willing to join the institution. Believing this baseless and interested representation, the Expert has reported against opening of a Government Basic Training School at Ujre though according to him the place deserved one such institution.

I and Dr. U.P.Mallya, M.L.A., on the invitation of the Hon. Minister had an interview with him on 10-6-1950; when he explained to us certain difficulties in opening the institution this year at Ujre. When we pressed our claim in view of paucity of teachers who are prepared to serve on Malnad areas, he promised to do his best to open the school this year. But when we interviewed the Expert he complained that no staff for the proposed school was readily available and that he might start a private training school and demand full teaching and equipment grant which might be considered favourably by the Department. On our return to Bangalore we interviewed the District Educational Officer and we came to know that one Mr. K.P.Suryanaraina Rao, B.Sc., B.T., and another Mr. Sheenappa Hegde, B.O.L., B.T., were prepared to go to Ujre and serve there provided the School was opened.

Sri Karnataka Gurukul Education Society finds it difficult to get a B.T. for the High School and they have employed graduates and have asked for exemption. No Wardha Trained B.T's are available for the proposed Training School among non-Government employees. The demand for E.E. trained teachers from private Malnad Schools is heavy. There are large number of applicants for training, more than the present training schools can afford to accommodate.

It is impossible for the aforesaid Society to run a private Basic Training School as it is a novel type of institution when hands to run the institution are not available.

The Committee is aware of the large number of applications and heavy demand for elementary schools from large number of school-less villages. Today the Government are unable to run the schools in the Malnad villages even if buildings are offered free for want of teachers. Even if the proposed training school is opened this year it will take two years before teachers were available to run the new schools in the Malnad villages. Since those who were trained in Coastal Training Schools were not willing to serve in the interior villages, more schools could not be opened in the past. It was this consideration that was behind the offer of free land and free temporary accommodation to the proposed school at Ujre. Sri Dharmastala Hegde and the Karnataka Gurukul Education Society of Ujre have done their utmost to develop an Education centre at Ujre. Today nearly 500 boys and girls are reading in different classes and more than 25 teachers are employed. Two Boarding Houses contain nearly 100 resident boys. Malaria is unknown for the past two years owing to regular D.D.T. spraying. To taboo this centre as malarial and therefore unfit for Government school tantamounts to complete neglect of the area, which was developed at enormous cost by the people of Malnad.

The Basic Training Schools will have to be opened by 15th of July. There is no time to be lost and this opportunity and the offer of the temporary buildings, enough for the purpose according to the Expert, by Sri Dharmastala Hegde for the proposed basic training school should not be lost.

Therefore I humbly request the Committee to consider this urgent question and send a interim recommendation to Government to open the Basic Training School at Ujre this year itself. Please excuse trouble.

Copy of Memorandum dated 13-5-1950 presented by Sri Karnatak Gurukul Education Society, Ujre, South Kanara District.

The members of the Karnataka Gurukul Education Society, Ujre, welcome you and thank you most heartily for consenting to visit this area and study our Educational needs at first hand.

2. Ujre is in the heart of Malnad. The stream of pilgrims to Dharmastala, the awakening that followed in the establishment of Sri Siddavana Gurkul in this area about 8 years ago by our esteemed and generous President Sri Dharmastala Manjayya Heggade in this locality devoted for Sanskrit and modern Education and the keen interest evinced by the neighbouring wargadars and ryots and the pressing necessity of the people for an institution for higher studies in this long neglected Malnad area caused the birth of our Society and establishment of Karnataka Vidyalaya in the year 1947. It will open the sixth form in the coming academic year.

3. The enthusiasm is being kept up in us by the occasional kind visits of the Hon. Ministers, by the gifts of waste lands by Government to the Society for educational purposes and the advance grant of Rs.12,000 by the Government for the construction of the new school building which is coming up. So far more than Rupees one lakh have been invested on this area by the neighbouring wargadars and ryots. This valuable site and the building and the site and the building of Sri Siddavana Gurukul are free gifts of Sri Dharmastala Manjayya Heggade who has also gifted valuable properties fetching an annual income of nearly Rs.4,000 for the support of Sanskrit Education in the Siddavana Gurukul. Sri Krishna Padevetnaya and Sri Nada Chandaya Ajri have contributed Rs.10,000 each. The list will be long if we are to mention the various generous donors. Suffice it to say that we hope and we assure you that we will try our utmost to make this institution a success. We are conscious that the result of our experiment is not swift and spectacular but we believe that we have laid a big foundation and lit up the ray of hope in the hearts of the people of Malnad and with sympathy and aid from the Government, which we no doubt would be forthcoming, we hope to see the rising of an Educational Centre in this long neglected Malnad area.

4. We are thankful to the Government for the [illegible] implementation of the policy of village development. The spraying of D.D.T. started by the Government of India and continued by the Government of Madras has practically wiped out the malaria which sapped all vitality of the people.

The recent appointment of the "Forest Grievances Enquiry Committee, South Kanara" was the result of the numerous representations made in the past for the last twenty years and the efforts of Mr. A.K. Karant, M.L.A., and the gracious visits of the Hon. Chief Minister and the Hon.Minister for Agriculture. The one stumbling block against our progress is the studied obstruction and unsympathetic attitude of the Forest Department whose vision is circumscribed by the development of the forest at all costs. We are not against the conservation of forest wealth but we do demand reasonable facilities and amenities of life. Being conscious of this reasonable demand the Government was pleased to refer to this Committee the examination of the question of"the improvement of the material conditions of the Malnad people" and provision for more educational facilities. The District Educational Officer is one of the five official members of this Committee. Sri Kolahalli Shiva Rao, the son of the Malnad soil, who has sacrificed his all in the services of the needy, is one of the three esteemed non-official members of this Committee.

We hope that the Committee, which has already entered upon its duties, will fully study the needs of the Malnad people and acquaint the Government the dire necessity of making the life of the people of Malnad worth living. Our grievances mostly emanates from the faulty Reserve Forest policy pursued in the past which resulted in the development of "kadu" (Forest) at the cost of the "nadu" (country). The establishment of the peoples' State, of which you are an esteemed

and sympathetic member, fully alive to the needs of the much neglected people, we believe, will not fail to do justice to the living humanity in this area to supply our wants and afford the Malnad people equal facilities for all round development.

5. We are running a boarding house in a thatched hut; fresh fruits and vegetables and free air and sunny hillsides and simple habits without distraction are making the living cheap, clean and healthy. The average cost per head in the Boarding house does not rise above Rs.15 per month which in towns it is in the neighbourhood of Rs.35. These advantages which we have experienced in practice are offering a cheap solution to the great problem of eradicating illiteracy in this vast country.

6. Any desired material advancement in this area must necessarily depend upon the educational facilities afforded. Majority of the school-less villages which are more than 150 in this district are in this area. The Ryots of Malnad are too poor to afford to send their children to urban areas and bear the high cost of boarding charges. Communications, medical facilities, rest houses, accommodation and various amenities of town life are lacking in this area to attract the town educated to succour their brotheren in Malnad. It is considered a punishment fora an officer to be transferred here. Everyone who comes to this unfortunate sub-ghat country seeks earliest opportunity to run away from here for easier and pleasanter life nearer the Coast. Any one who is obliged to visit the Malnad is too anxious to run away before the sun sets. Today not even labourers and tenants are prepared to settle down in Malnad and local artisans and skilled labour are not available.

7. More schools under the plan of atleast one school per village - requires more trained teachers for the Malnad. On 23-3-1948 we addressed the District Educational Officer to examine the necessity of opening of the first Basic Training Schc Considerations for Firka Development denied us the benefit. It is very hard, if not impossible, to get teachers to serve and settle down in Malnad area. In order to serve this greatest need for large number of trained teachers it is absolutely necessary to open the next basic training school in Ujre. Such an institution will aford facilities for youths of Malnad to train themselves and settle down in Malnad itself to serve the educational needs of the area. Such of those youths who may be drawn from coastal villages will be acclamatised to Malnad and their services also will be available to Malnad.

8. Around the site of Karnataka Vidyalaya here, we have extensive Government waste lands, adjoining these lands our Society will be able to procure from its members I and II class wet lands on permanent lease on the existing rental basis for the purposes of basic training school. Thus capital investment would be reduced to the minimum. If required our Society would be willing to set apart or alienate any piece of land owned by them free of all costs. Two tanks in the neighbourhood are affording facilities for irrigation.

The Karnataka Vidyalaya, Sri Siddavana Gurukul Sanskrit School, Ujre Elementary School, Ujre labour School, will cluster round the proposed basic training school and the training school and will open a vast scope for training of those youths who come out of these institutions as well as from the Board Higher Elementary School, Belthangadi for the service of the Malnad.

Therefore we pray that the Government may be pleased to consider our superior claim for the opening of the next basic training school in this district.

9. Malnad is thinly populated and it is intersected by unfordable rivers and rivulets that cut off through communications in greater part of the year. The income of the High School from School fees is too low to cover any appreciable portion of our expenditure The demand from teachers for higher pay owing to more difficult conditions of life in Malnad is ever increasing. The average age of the pupils in this area is higher than in urban areas owing to absence of schools nearer at home and paucity of through communications. Karnataka Vidyalaya cannot be compared with other sister institutions situated in more favourable centres in this district owning to the aforesaid intrinsic difficulties. Therefore we humbly pray for relaxation in strict enforcement of educational rules governing the administration of schools in the matter of minimum age for admission, and further pray that the Government may be pleased to grant us full teaching grant less tuition fees received by us; and Malnad allowance at least for some years to teachers.

10. To make this district self-suffiient in food requirements which is today deficit by about 40,000 tons, Malnad offers the best and extensive lands to grow more food. But it must be made worthy for colonisation in order to attract, the surplus population from adjoining areas. If this change in the outlook of the people is achieved by creating greater facilities for education and medical relief in this area, we will have solved the greatest problem of the day by bringing more land under the plough.

In this wise, again, we beg to impress upon you that the task we have undertaken and the centre we are developing richly deserves and craves your valuable advice, guidance and support.

We thank you once again, ...

(True Copy)

Extracts from the reply of the Hon. Sri K. Madhava Menon, M.L.A.

13-5-1950.

What the Government ought to do the people here are doing. You are an example to others to follow. You have really laid a big foundation. After all you have not asked for anything which is difficult for the Government to concede. This is the best place I can think of for basic education. Basic education has a particular philosophy behind it. Mahatma knew it. In the villages people are guileless. Villages have pristine purity. The greed is not so much in rural area as we have in civilized towns. The desire of people to overreach others is not in the villages as we find in towns. Area like this is best fitted for basic education.. We will have a society in the place like this which we desire as necessary for basic education.

I will certainly try to see whether we can have a basic training school here this year itself. We must have a building. It is difficult for Govern ent to put up a building. If you can give us a building that would help us. You have made very good offers. It is tempting. We have made provision for 10 basic schools for this year; but we were not able to provide for all basic schools. I have no difficulty at all to accept your offer provided you give me a building. I am prepared to give up all rules. I shall try to divert the trained kannada teachers here. Give me a temporary habitation. In next July itself we can open the school. I will send the expert here.

My request to the D.E.O. is to give you all the concessions you demand. Rules will be relaxed in your case. There is no difficulty (Ref: age for admission, etc.) No harm will be caused by raising the age of the pupils for admission. Otherwise we have to give them adult education.

P.T.O.

We will certainly do everything possible to start the basic training school here. Unless we resort to basic education, one cannot eradicate illiteracy. Present system of education is faulty. Basic education is meant to train eye, hand and brain simultaneously. "Jignasu" (desire to know) is trained and grown in the child. This is the right type of education. I wish everything good for your institution.

D.O.No.338-M/50.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION, Madras-6, Dated 12--7--1950.

ASSISTANT SECRETARY EDUCATION DEPARTMENT 20163 18 JUL 1950

Dear Sir,

Sub: Basic Education - Opening of a Basic Training School at Ujre.

With reference to your D.O. BAN.??/50 dated 9-7-1950 to the Hon'ble Minister for Education, I am to furnish the followin details of expenditure for the first year of the proposed aided Basic Training School, Ujre:-

(1) Teaching staff including Model School.			Rs.6,?00/-
(2) Eq Servants.	..	..	
(3) Equipment.	..	..	Rs.3,000/-
(4) Contingencies			
Excursions: 500 / other items 900	..		Rs.1,400/-
Total.	..		Rs.10,600

Teaching Staff: Assuming that the Training School will have a model Basic School attached to it, a staff of six teacher will be necessary - 1 Headmaster, 1 L.T. Assistant, 1 Part-time Music teacher, three secondary grade assistants for the three grades in the practising section.

Servants: The school will require three servants - one clerk, one cook and one Craft Attender.

The expenditure on the two items referred to above, including Dearness Allowance at Government rates, will be roughly - Rs.6,?00/- for 1950-51.

Equipment: The items comprised in this head are furniture books, hostel equipment including kitchen utensils and other materials required for gardening and teaching purposes. The approximate expenditure for this purpose will be Rs.3,000/-.

Contingencies:- A sum of Rs.1,400/- may be required under this head - Rs.500/- for excursion tours and Rs.900/- for other purposes, including purchase of cotton.

2. On the expenditure detailed above, the management will get a half grant for the purchase of equipment and two thirds grant

P.T.O.

for the other items . Thus the managements share of the cost of running the school in 1950-51 will be about Rs.4000/- as shown below:

(1) Equipment.	1/2 of Rs.3000	Rs 1,500	the remaining half being met by Govt.
(2) Other items	1/3 of Rs.7,600	" 2,533	the remaining two thirds being met by Govt.
	Total ..	" 4.033	

Yours sincerely,
R. V. Rudrapathasuram,
SD.

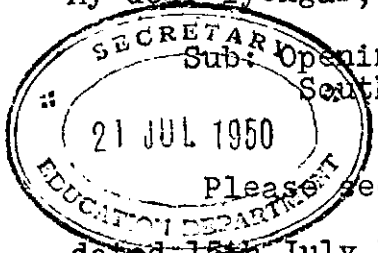
Director of Public Instruction,
M a d r a s, 20th July 1950.

My dear Iyengar,



Sub: Opening of a basic training school at Ujre, South Kanara District.

Please see your D.O.No.19609 C/50-1, Education, dated 15th July 1950. I invite your attention to the reply which Government have already given to Sri. B. Manjayya Hegde, copy enclosed for ready reference. No further action appears to be called for.

Yours sincerely,

To

S.A.Iyengar, Esq., I.C.S.,
Secretary to Government,
Education Department,
Fort St.George, Madras.

Copy of letter No.12649-C/50-3, Education, dated 26th June 1950 from the Secretary to Government, Education Department to Sri B.Manjayya Hegde, B.A.,B.L. .M.L.C., Mangalore.

Sub: Basic Education - Opening of a Basic Training School at Ujre, South Kanara Dt.

With reference to your representation to Hon'ble Minister (Education) on the subject of opening a Basic Training School at Ujre, I am directed to say that Hon'ble Minister considers that you may yourself arrang to start a Basic Traiing School in that locality. The Department will afford all facilities to you for starting such a school. You may report to the Director of Public Instruction the personnel of the staff that may be required for conducting the school. Arrangements will be made for the loan of services of the individuals required. The Government will consider the question of taking over the institution that may be opened by you ~~xxx~~ at Ujre, under their management in due course.

EDN. DEPT.(C).

D.O. No.19609-C/50-2, Edn., dated

My dear Reddi,

Sub: OPENING of a Basic Trg. school at Ujre, South Kanara Dt.

Read: Your D.O. No. 368-M/50 dated 20-7-50.

It is true that Sri Manjayya Hegde was asked to oper a basic training school himself at Ujre with the aid of Govt. grar on the strength of the report of the Basic Education Officer, forwarded with your D.O. No. 368-M/50 dated 14-6-50. But the Govt. now consider that it should be possible to open a Govt. Basic Training school in that place, when lands and buildings are offered for the purpose.

I am therefore to request you to re-examine the matte and submit a report to Govt. as already asked in my D.O. letter No. 19609 C/50-1,Edn., dated 15-7-50.

Yours sincerely,

To

Sri D.S. Reddi M.A.(Oxon),
D.P.I., Madras.

NOTE:- The main objection to the proposal was that the locality was unsuitable. The fact that some lands and buildings are offered may not be a sufficient ground for the opening of a Govt. school. The previous D.O. was with reference to H.M.'s orders.

D. MANJAYYA HEGGADE, M. L. C.,

D.C.

Ref: Basic Training School at Ujre :-
D.C.No.338-M/50 dated 12-7-50 to
Sri M.N.Bhide by Sri Rudrappaswami.

My dear Hon. Sri Madhava Manon,

In continuation of the interview I and others had with you in connection with the proposed Basic Training School at Ujre, on 21-7-50 at which you were kind enough to explain that there was no budget provision for opening the Basic training school at Ujre this year and that therefore unavailable and that if a training school was opened this year it should be on the aided system under the terms set out in the D.C. cited; temporarily for this year on the distinct understanding that it would be taken over by Government definitely next year. I have duly considered all the implications involved. I am obliged to accede to your proposal and I am prepared to open the institution immediately on the terms proposed and run it till the end of the current school year 1950-51.

I am to request you to kindly consider one or two changes from the scheme set out in the D.C. cited. These are:-

1. TEACHING STAFF: Under teaching staff it is stated that 3 secondary grade assistants are needed for the 3 grades in the practising section. No secondary grade trained men are available now. Therefore the practising section will be - Sri Janardhana Ele. School at Ujre, an old aided school which the Basic ~~Office~~ Officer Sri Rudrappa Swami had visited and agreed to accept as practising section for the proposed institution. The School has competent staff and is run efficiently. As it is not possible to displace the present staff, by others and as no competent hands are available, the employment of 3 secondary grade assistants as laid down in the D.C. may be waived and the present staff of the school be permitted to continue, this will effect a saving in teaching grant also.

2. EQUIPMENT: With regard to equipment I will lend for use in the current year all the kitchen utensils and garden equipment necessary. I request that the other equipment, namely, furniture, books and teaching materials may be supplied by Government.

The Headmaster and L.T. Assistant cannot be procured by me. I understand that two qualified hands Sri K.P.Suryanarayana Rao, B.Sc.,B.T., Wardha, Trained and Sri T. Seenappa Hegde, B.O.L.B.T., who are in Government service are available and willing to work on the staff of the Ujre school. Orders may therefore be passed to depute these two teachers for service in the institution.

D.O.No.338-M/50. OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION,
Madras-6, Dated 12-7-1950.

Dear Sir,

Sub: Basic Education - Opening of a Basic Training School at Ujre.

With reference to your D.C.BAN.22/50 dated 9-7-1950 to the Hon'ble Minister for Education, I am to furnish the following details of expenditure for the first year of the proposed aided Basic Training School, Ujre.

1. Teaching staff including Model school 2. Servants.		₨6,200/-
3. Equipment		₨3,000/-
4. Contingencies:		
Excursions:	500	
Other items.	900	.. ₨1,400/-
	Total	₨10,600/-

TEACHING STAFF: Assuming that the Training School will have a model Basic School attached to it, a staff of six teachers will be necessary - 1 Headmaster, 1 L.T. Assistant, 1 Part-time Music teacher, three secondary grade assistants for the three grades in the practising section.

SERVANTS: The school will require three servants - one clerk, one cook and one Craft Attender.

The expenditure on the two items referred to above, including Dearness Allowance at Government rates, will be roughly ₨6,200/- for 1950-51.

EQUIPMENT: The items comprised in this head are furniture, books, hostel equipment including kitchen utensils and other materials required for gardening and teaching purposes. The approximate expenditure for this purpose will be ₨3,000/-.

CONTINGENCIES: A sum of ₨1,400/- may be required under this head - ₨500/- for excursion tours and ₨900/- for other purposes, including purchase of cotton.

2. On the expenditure detailed above, the management will get a half grant for the purchase of equipment and two thirds grant for the other items. Thus the management's share

of the cost of running the school in 1950-51 will be about ₨4,000/- as shown below:-

1. Equipment ..	1/2 of ₨3,000.	1,500	the remaining half being met by Govt.
2. Other items	1/3 of ₨7,600	2,533	the remaining two thirds being met by Govt.
	Total	4,033

22958
GOVT. OF MADRAS

Subs- Opening of basic school at Ujre.
Ref:- Letter Ref. No. 19609 -C /50-4.
dated 29-7-1950 of the Secy. to
Govt. Education.

My dear Hon. Sri. Madhava Menon,

It pains me to see that the letter under reference is not in accordance with the talk we had in connection with the opening of the Basic Training School at Ujre.

In my long life as a legilator I have been always pressing for various reliefs to the people of eastern parts of this district, as they were long neglected in the matter of Education, medical services, and communications. Hon. Mr. Shetty has brought them D.D.T. spraying which irradicated Malaria. Eleven years ago I started the 'Siddavana' a free Sanskrit residential school, & later the people of this area started under my presidentship a High School, you were pleased to visit both these institutions and promised us the desired Basic Training School at Ujre, which according your own words was an ideal place for the purpose, apart from the urgent necessi Later on your expressing difficulty arising out of cancellation of budgetary provisions for the same for this year and on your assurance that if the proposed school was started by me the Govt. would take it up next year onwards, I, after a great deal of deliberations, because of my other preoccupations, promised to open the school and run the same and it was in this connection I handed over to you a letter dated 29-7-1950 at the time of your departure at the Mangalore Railway Station, under certain conditions explained there.

The important condition is that the G
Undertaking to run the Training School from 1951-52.
The temparary buildings and lands were placed at your
disposal for such time as was needed and until the insti-
tution had of its own. You were good enough to promise
both at the time of the interview on 22-7-50 and at the
time of your departure on 23-7-1950 that such an underta-
king would be given by the Secretary to Govt.

If you would kindly refer to the letter under refe-
rence you will find such an undertaking is not only not
there but instead it is said "the question will be
examined in due course" This important matter on which
there cannot be two opinions, especially after you had
promised, and latter approved and pressed for the South
Kanara Forest Grievances enquiry Committee, should not
stand for further enquiry and jud
authority if any in this matter.

Dated 8th August, 1950

Dear Sir,

Sub: Basic Training School at Ujire (S.Kanara).

When I wrote to you last on the 4th of this month, I said that Sri Manjayya Hegde has left for Madras and that you may kindly talk it over with him in regard to his opening of the Training School in Ujire as an aided institution. I said he has left for Madras, relying on his statement of the previous evening that he would leave next morning. I presumed he had left accordingly. I came to know subsequently that he was still here, undergoing medical treatment and that he had, meanwhile, written to you on the 6th practically dropping the matter. I, therefore, saw him last evening and somehow prevailed upon him to keep the matter open, but he is still keen on the promised undertaking, as he is very much afraid that if the taking over does not materialise, he would be trapped into continuing further and undergoing additional expense, trouble, and worries. His fears are based on the phraseology used in para 2 of the Government letter that "the question will be examined in due course". This does not hold out even a hope that the school will be taken over. And who is to give him the assurance? He will have to spend over Rs.2,000/- this year, quite apart from the worries and trouble having to set up the institution. He is undergoing treatment here and daily he has fever on. He is getting weaker and weaker. In this sad condition I do not think that he can act otherwise than what he has done. I appeal to you again to kindly make good your promise and relieve all of us from the distressin situation in which we are placed. I confirm the telegram I sent to you yesterday to this effect.

PROCEEDINGS OF THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS--6.
R.O.C. No. 368-M/50. Dated 17th August '50.

SUBJECT: BASIC EDUCATION - Opening of a Basic Training School at Ujre - South Kanara District - Permitted.

READ: Letter dated 23-7-1950 from Sri D.Manjayya Heggade, M.L.C. Dharmastal, South Kanara, to the Hon.Minister for Education, Madras.

4632
9 AUG 1950

Permission is accorded for the opening of a Basic Training School (aided) at Ujre during the current year, 1950-51 with one section consisting of 40 students in the Junior grade.

2. The District Educational Officer, South Kanara is requested to afford all facilities required by Sri D.Manjayya Heggade, M.L.C., for the opening of the school. The latter may be informed that the question of taking over the management of the school by Government next year (1951-52) will be examined in due course in which case he should be prepared to hand over to Government free of charge the lands, buildings etc. required for the school.

3. The Management may be requested to submit the necessary applications for recognition etc. in the prescribed form as soon as the school is opened.

4. The District Educational Officer is also requested to accord permission to use the Janardhana Elementary School in the locality to be used as a practising school. This elementary school may be conducted on basic lines, the teachers there being given necessary guidance by the staff of the Basic Training School.

5. The teaching grant due to the school for 1950-51 will be paid only in the next year 1951-52. The District Educational Officer should address the Director separately for the payment of stipendiary grant to the new institution, stating the number of candidates admitted and the amount required for the current year.

6. The books, teaching materials and other equipment required for the school should be purchased by the management. If they wish to seek Government grant for the purpose, an application for grant in the prescribed form which can be had from the District Educational Officer may be submitted with complete particulars of the equipment.

Thanking you,

Yours sincerely,

Education Department (C).

Sub: Opening of Basic Trg. schools at Ujre and at Moodbidri, S. Kanara Dt.

Read: Petitions from the Karnataka Gurukula Education Society, Ujre, dated 15-5-1950 & 13-5-50.
Petition from G. Gopal Pai, Managing Agent, Moodbidri, dated 13-5-'50.

The current file contains three representations from Karnataka Gurukula Education Society, Ujre, addressed to H.M. The main point raised by the society is that a basic trg. school may be started at Ujre in S.Kanara Dt. H.M. has himself sent a D.O. to the D.P.I. asking him to instruct the Basic Edn. Officer to proceed to Ujre, to contact the local gentlemen and to report on the feasibility of starting a basic trg. school there. In the circumstances no further reference from the Dept. seems necessary to D.P.I. on this point.

2. In a petition addressed from G. Gopal Pai, of Moodbidri, to H.M., request is made for the opening of a basic trg. school at Moodbidri. Submitted that the Govt. sanctioned the opening of a basic trg. school at Moodbidri in S. Kanara Dt. in the building offered by Sri G.Gopal Pai. Subsequently the Govt. decided to construct a pucca building at Maipadi. As soon as the buildi was ready the trg. school at Moodbidri was shifted to Maipadi. One of the reasons for the shifting of the school was, that Moodbidri was not suitable for the location of a basic trg. school. In the circumstances it is for orders whether the question of opening a basic trg. school at Moodbidri should be considered (with particular regard to the fact that there may be three basic trg. schools in the S. Kanara Dt. i.e. at Maipadi, Ujre, and Moodbidri, if the request is complied with) and whether any reference should be issued to the D.P.I.

3. In para 9 of the Memorandum on p. 30 c.f. the Karnataka Gurukula Education Society, Ujre has represen that in view of the backwardness of the area, they may be permitted to admit overaged pupils in the secondary scho

run by them. They have also requested for the payment of teaching grant on the full net cost basis as a special case. H.M. has minuted that the proposal may be agreed to. Submitted that on an earlier representation received from the society, the requests were considered in consultation with the D.P.I. and orders were obtained in circulation to H.M. (E & L) and H.C.M. that the admission of overaged pupils in the school need not be objected to. The payment of teaching grant on the full net cost basis was not recommended by the D.P.I. as it would create an inconvenient precedent. The management was therefore informed that its request could not be complied with. In the circumstances, it is for consideration whether any action should at all be taken on the requests contained in para 9 on p. 30 c.f.

4. The file may be submitted to H.M. for orders.

9/6/50

Grants on a full net cost basis cannot be given in any institution.

20.6.50

Ask D.P.I. what was the result of the visit of Basic Edn. Officer.

N.M. (E & L).

13/6

SECRETARY
15 JUN 1950
EDUCATION DEPARTMENT

One draft below is for

13/6

16/6/50

(Issued as D.O. No. 12649-C/50-1, Edn., dated 15-6-50.)
From the D.P.I. D.O. No. 368 M/50 dated 14-6-50.

The report from the Basic Education Officer on pages 37-38 c.f. reveals that Ujre is not suitable for starting a ~~Govt.~~ Basic Trg. School. It is not clear how a private school can be opened in that locality.

From H.M.'s minutes, it will be seen that the intention seems to be to lend the Govt. teachers to the private school in the first instance and t take over the school under Govt. management later on. In such case, the objection raised by the Basic Education Officer at 'P' on p. 37 c.f. will still remain. If the Govt. school cannot thrive at Ujre, the idea of opening a private school may not also be desirable. If a school is started at Ujre by Sri Manjayya Hegde, in the current year a grant will become payable to the school in 1951-52.. The D.P.I. will presumably take this school into account when he submits Part II proposals for the next year.

2. H.M. has expressed the view that the school to be opened at Ujre may be taken under Govt. management in the next year. Proposals for new items of expre. for 1951-52 will have to be considered as Part II schemes and these should reach the Secretariat by 1st October. There is hardly time to consider the question of taking over the Ujre school under Govt. management in 1951-52 as the school may not have worked sufficiently long to enable the Director to decide the issue whether the school should be taken over under Govt. Perhaps the question may be considered early in June 1951 and the proposal sanctioned as a new scheme to be introduced in 1951-52 if Govt. decide to take over the institution.

3. A draft letter and a draft D.O. are submitted for approval. Finance may see before circulation.

EDN. DEPT.(C).

A draft D.O. to the D.P.I. is submitted for approval.

2. Attention is solicited to the papers in G.O. No. 1923, Edn., dated 3-7-50 containing discussions on the question of open a Basic Training School at Ujre in South Kanara Dt. Sri Manjayya Hegde was informed under H.M.'s orders that he might open ~~the~~ a Bas Trg. School at Ujre. The Director was asked to render all assist to Sri Hegde in the matter of opening a school. It is not known whether the author of the present communication wants to open another school at Ujre or whether the information asked for by hi is in respect of the school to be started at Ujre by Sri Hegde.

It is understood from H. all that the present gentleman refers to the

Very urgent — Basic Education

Please ask the D.P.I to give all the facilities asked for in the letter placed below for the opening of the Basic training School there this year. In fact the party has agreed to first provide everything that has been demanded of them. Re. undertaking that the Govt must take over the School next year, the party may be told that the matter is being examined & orders will issue in due course.

The D.P.I may include this in one of the new training Schools for next year (first Schools). The management must be told that they must give the existing buildings and the required land for for taking it over next year

Sub:- Opening of a basic training school at Ugre; South Kanara Dt.

p1c.f Read:- letter from Sri. M. Shiva Rao dated 8.8.50.

Please see the letter despatched to Sri. D. Hanyappa Heggade on 8.8.50 on p8?c.f (P). The Govt. have agreed to take over the school if new schools are sanctioned to be opened in 1951-52. The p57-58c.f (P) D.P.I has furnished to the ~~Govt~~ Govt details of staff, equipment etc., required for starting the school. He has been p1-12c.f (P) specifically instructed by Govt, to give Sri. Heggade all facilities so as to enable him to open the school. Hon. Heggade p13-14c.f (P) has also been informed that the D.P.I would afford all facilities for him. In the circumstances all possible steps have already been taken in the matter of opening a basic Bq. school at Ugre.

2. The real difficulty is this. In the matter of opening a school at Ugre, Correspondence has emanated from several quarters as indicated below:-

p1c.f (P) 1) Karnataka Gurumatha Edn Society, Ugre on 15.5.50.

p4c.f (P) 2) A letter from Sri. M. N. Bhide on 9.7.50

p4-5c.f (P) 3) A communication from Sri. D. Hanyappa Heggade 4.7.50.

p59c.f (P) 4) A reference from the Forest Appearances Enquiry Committee on 8.7.50

p1c.f 5) The last communication from Sri. M. Shiva Rao on 8.8.50.

be noted that prompt action has taken on all communications ... in the circumstances, justify us for a dir... any further action should be taken ... matter ...

12/8

... telephoned to Sri Sudrappaiswami, Principal Basic Edn. Officer. He told me that it is a fact that the Director has not passed orders thereon. The reason is this: The officers are not generally willing to go to Rajpipla as it is highly malarious. The Director has selected two officers and they have been asked whether they have any objection to go to Rajpipla. The deputation would be on foreign service terms and under these terms the consent of the officers has to be obtained prior to the deputation. The officers have not yet replied. A telegram is being sent to them today by the Deputy Director to send their reply at once.

This is one of the difficul...
